OFFICE OF THE DIRECTOR

Honorable William H. Webster
Director
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Webster:

Thank you for your help in making the SES Fellows Program a success. As you may know, the nomination process that you were asked to participate in has been completed, and six senior executives were selected and installed as SES Fellows in an awards ceremony at the Office of Personnel Management. This year's Fellows are:

Mr. Michael S. Alushin
Environmental Protection Agency

Dr. M. Grant Gross
National Science Foundation

Mr. Raymond S. Blunt
Veterans Administration

Mr. Richard A. Staufenberger
Department of Labor

Dr. Vernon E. Derr
Department of Commerce

Mr. Dennis D. Tolsma
Department of Health and
Human Services

The selection process was a difficult one because of the number of fine candidates. At the same time, it was encouraging to see the interest generated in this initial offering of the Program. It is encouraging also to see that the Program already has served as a model and catalyst for two agencies who have extended developmental opportunities to their senior executives who were not selected as FY89 Fellows.

For your review I have enclosed a copy of a brochure announcing this year's finalists and a press release on the SES Fellows Program. Both may serve as a reminder to start our thinking about next year's SES Fellows Program nomination process.

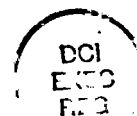

Thank you again for making the SES Fellows Program a success.

Sincerely,

A handwritten signature in cursive script that reads "Constance Horner".
